CITY OF COLONIAL HEIGHTS

DEPARTMENT OF PUBLIC WORKS

Todd Flippen, P.E.
Director/City Engineer

City Hall • 201 James Avenue • P.O. Box 3401
Colonial Heights, Virginia 23834

TO: Larry Melvin, Purchasing Agent
Judi Whitt, Purchasing Officer

THRU: Mike Campbell, Assistant Director of Public Works
Todd Flippen, P.E. Director of Public Works

FROM: Matt Ryan, Project Coordinator

DATE: April 18, 2022

SUBJECT: Emergency Sanitary Sewer Repair Request: Cal's Junkyard

Engineering request immediate repairs on the Sanitary Sewer manhole and line located in an easement running through Cal's Junkyard. Upon further exploration, the City has discovered extensive damage to the sanitary sewer infrastructure and will need to replace one manhole, approximately 150 ft of 6" sanitary sewer pipe, approximately 70 ft of 8" sanitary sewer pipe, and approximately 160 ft of 10" sanitary sewer pipe. By acting immediately the City marginalizes the imminent risk to City and private property substantially. This issue has severe consequences if not addressed immediately.

All materials and construction within the City right of way shall be constructed in accordance with the City of Colonial Heights Provisions, Virginia Department of Transportation (VDOT) Road and Bridge Specifications dated 2020 and Supplemental Specifications; VDOT Road and Bridge Standards dated 2016 and Revisions; the manual on Uniform Traffic Control Devices (MUTCD) dated 2009 and the 2011 Virginia Supplement to the MUTCD (Revision 1); the Virginia Work Area Protection Manual dated 2011 with any revisions and the 2005 National Electric Code and any revisions.

Please direct all questions regarding this Emergency Storm Sewer Repair for Greenwood Ave. to the undersigned.

Very Respectfully,

Matt Ryan
Project Coordinator
804-720-7354
