## COUNCIL COLUMN

**Kenneth B. Frenier**  
Councilman  
frenierk@colonialheightsva.gov

It's that time again when the leaves are falling and the temperature is dropping. We sure hope the winter is not as bad as the previous season has been this year with all the storms and rain. We will have to

see what's in store for us. If you have not signed up for Civic Ready on the City's web site, colonialheightsva.gov, you may want to consider this to receive important messages from the city about pending weather and other information about the city (see page 3 for information). Also check the web site for the leaf pick up schedule (see page 12 for information).

While the City has been fortunate in not having an extremely high impact from COVID-19, I encourage you to continue to be diligent in protecting your health in response to the COVID-19 pandemic.

As citizens have been driving around the city, you may have had to negotiate construction zones on Conduit Road. The first one was in front of the Tech Center. This was a sewer line break that consisted of 225 ft of collapsed line. This occurred during the rains from the storm on August 16, 2020 when the city had significant flooding in the Sherwood Hills area. The repair cost was \$194,000. The second line failure was in front of The Home Depot, where 520 ft of line collapsed and had to be repaired. The cost of this repair was \$335,000. With many old water and sewer lines in the ground, the city will experience more of these problems.

You may have noticed some new vehicles in the Public Safety Fleet. The City has purchased a new 2019 E-One Cyclone 95' aerial platform. It comes equipped with a 1500 gallon per minute pump ground ladders, and current safety features to include rollover protection and interior air bags. This fire unit will replace the 20-year-old Pierce Ladder Truck which will be used as a reserve for the next 5 to 10 years.

The Police Department and Sheriff's Department have put into service 2019 All-Wheel Drive Police Cruisers. These vehicles have the current safety features for our employees and will allow officers to be able to respond to incidents in inclement weather.

There are some new businesses planned for the property that Kroger owns at 401 Temple Ave. Be on the lookout for the announcement of these businesses.

To the Citizens of Colonial Heights, it has been a pleasure to serve you on City Council for the past 12 years. I am not seeking re-election as I feel it is time for someone else to step up to the plate. I have enjoyed working with citizens to try and help them solve a problem or point them in the right direction. If you ever need anything don't hesitate to contact me at any time.

## Utility Payments Made Easy!

New utility bills which debuted in September were part of the City's ongoing financial system replacement. Utility Billing was the first of a five-part system implementation to go live, and with the new system, the City is able to offer more ways to make paying your utility bills easier.

- **Direct debit/ EFT:** Hate writing checks or going online to pay bills? If you'd rather set it up and forget it, then direct debit is for you! The City will debit your designated account for the balance of your utility bill, without you having to do anything. To sign up, go to the City's website at [www.colonialheightsva.gov/195/utility-billing](http://www.colonialheightsva.gov/195/utility-billing) and complete the form.
- **E-billing:** Rather get your bill via email than postal service? We can now send bills by email! To get your utility bill by email, send an email requesting E-billing to [CHUtilityBilling@colonialheightsva.gov](mailto:CHUtilityBilling@colonialheightsva.gov).
- **Online bill pay:** Can't find your bill? No worries! Go online to [www.colonialheightsva.gov/](http://www.colonialheightsva.gov/) and go to I Want To...> Pay Online> Utility Bill. Our new financial system is integrated with our website so you can look up the amount due and pay online by credit, debit, or e-check without fees!

For more information or questions on any of these services, contact our Utility Billing Division at 804-520-9288.

# THERAPEUTIC

Therapeutic Recreation (TR) uses recreational activities (such as art, games or dance) to help people with disabilities to improve their physical, cognitive and social skills. For example, doing a craft activity might help a child to build fine motor skills, while also giving them an opportunity to think creatively and have fun with peers.

Colonial Heights Recreation and Parks offers a series of new programs for those with special needs ranging but not limited to intellectual, physical, emotional or developmental disabilities.

These activities will be offered to help enhance their recreation interests and participation. Each activity is held on Wednesday from 5:30-7pm; prior to the activity the participant must register and complete a participant profile. The participant profile can be found online on our website or can be emailed per request. *\*Activity schedules are subject to change\**

## IMPORTANT NOTICE - Wipes & Personal Hygiene Products Clog Sewer Lines!

### What We All Can Do To Help...

The following items should **NEVER** be flushed into the sewer system:

Disinfecting/surface wipes	Mop or "Swiffer" type refills
Baby wipes	Paper towels
Jewelry wipes	Pet care wipes
Cosmetic wipes	First Aid wipes
Disposable diapers or diaper liners	Bio-pads (nursing home, home health care, etc.)
Cotton swabs	Feminine hygiene products
Toilet cleaning pads	ANY Moist type towelettes
<b>+ANY CONSUMER ITEM THAT IS NOT TOILET PAPER!</b>	

Every home and business has a sewer connection to the public sewer system. This connection runs from the home or business to the sewer main where it is connected to the public sewer system. This on-site sewer line is the responsibility of the home or business owner to keep clear so there are no back-ups of wastewater into the home or business. Save yourself and the City from costly repairs and/or replacement bills. **Do not flush the listed items; place them in the trash, not the toilet.**

# ONLINE SHOPPING SAFETY

With the holiday season rapidly approaching, many people are beginning to shop for gifts for friends and loved ones. Whether online shopping appeals to you for health reasons, or for convenience in these difficult times; choosing to shop from the safety of your home may sound like a wonderful idea. Unfortunately, with the increased reliance on online commerce comes additional threats that could put a damper on your holiday cheer. The Colonial Heights Police Department would like to share some helpful tips in order to make your online shopping experience as safe as possible:

- Beware of deals that appear too good to be true. While many online retailers may offer deeply discounted prices this holiday season, if the price listed on one website is drastically lower than all comparable sites, caution is advised.
- Keep track of charges to bank and credit card statements while shopping online. During periods of increased online spending a small fraudulent charge may go unnoticed, and cyber thieves may attempt to charge small amounts to test whether an account is vulnerable. Keep detailed records of purchases and consider maintaining a copy of all receipts in case a fraudulent charge occurs.
- Consider using alternate payment options. Using a credit card is preferable to a debit card as there are more consumer protections in the event of a fraudulent charge. There are other payment services such as PayPal, Apple Pay or Google Pay which allows the buyer to complete the purchase without sharing the credit card information directly with the retailer.
- Think twice before clicking on a link in a promotional email. Criminals have the ability to establish fake e-commerce sites and send emails, which can contain viruses and ultimately lead to identity theft and fraudulent charges. Instead, go directly to the company's website in order to begin the purchase.
- Don't save your credit card information on online accounts. While saving this information on a retailer's website may increase the speed of the transaction, it can also leave your personal details and payment data vulnerable in the event of a data breach.
- Consider where and when packages ordered online will be delivered. Packages left on porches are vulnerable to theft. Many online retailers have the option of shipping the packages to a local store or business. Amazon offers the option of having all packages delivered on the same day, which would avoid packages arriving on days when nobody is home to collect them.
- If you utilize second-hand seller sites such as Facebook Marketplace or Craigslist, consider completing the transaction at a safe location such as the designated safe exchange parking spaces located at the Police Department or the City court house.
