William Anspach Of License Plate Reader
Technology*

Colonial Heights Police Department

Leveraging Technology for Precision Policing

FLOCK SAFETY

AUTOMATED LICENSE PLATE READER

ALPR

- ALPR devices capture computer readable images of license plates and vehicles, allowing officers to compare plate numbers against those of stolen cars or wanted individuals on a crime database such as the NCIC.
- PROACTIVE USE-ALPR devices provide real-time alerts when a vehicle that is stolen or associated with a known suspect is detected.
- INVESTIGATIVE-ALPR devices help determine whether and which vehicle(s) were at the scene of a crime.

flock safety

When you get Flock you get:

objective, real-time and investigative leads

- Vehicle Fingerprint™ = license plate plus
- **Indiscriminate evidence** from fixed locations
- Cost effective subscription service,
infrastructure free
- No people, no facial recognition, no traffic
enforcement

WORKS 2 WAYS

24 HOURS A DAY 7 DAYS A WEEK

How does this technology prevent and eliminate crime?

- **Proactive:** Real Time Alerts when Stolen or Wanted Vehicles enter your City
- **Investigative:** As clearance rates increase, crime rates decrease
- Flock cameras act as a deterrent

What is this tech?

- License plate recognition
- Gathers objective evidence and facts about vehicles, not people
- Alerts police of wanted vehicles
- Used to solve crime
- Adheres to all state laws

What ISN'T this tech?

- Not facial recognition
- Not tied to personal information
- Not used for traffic enforcement
- Data not stored beyond 30 days → *automatically deletes every 30 days*

ENSURING OUR CITIZENS PRIVACY

Ethics-Driven Innovation

Protecting Privacy

- Footage owned by Agency/City and will never be sold or shared by Flock
- 30 day data retention, then deleted
- Short retention period ensures that all data not associated with a crime is automatically deleted & unrecoverable
- Takes human bias out of crime-solving by detecting objective data, and detecting events that are objectively illegal (ex. Stolen vehicles)
- Not connected to registration data or 3rd party databases (Carfax, DMV)

flock safety

- All data is stored securely in the AWS Cloud, and end to end encryption of all data
- Search reason is required for audit trail
- NOT facial recognition software
- NOT predictive policing
- NO PII is identifiable in Flock
- NOT used for traffic enforcement
- Transparency Portal (optional)

Flock ALPR: Investigative Data

Van Buren PD

Van Buren Township

- A 26-year-old woman was hit by a vehicle while walking along a service woman and killed
- Near the location of the hit-and-run, police recovered debris from a vehicle and **used Flock's system** to identify a vehicle matching the debris in the area
- Police did additional investigative work to identify who was driving the vehicle at the time of the incident and made an arrest in the case.

New technology leads to hit-and-run arrest in Van Buren Township

killing ex-girlfriend, 3 kids assaulted woman in

Mark Bowes Nov 22, 2022 4

On Friday, Cottle and her three children — Kaelyn Parson, 13; Kinsey Cottle, 4; and Jayson Cottle, 4 — were found fatally shot after police said Cottle called them just after 5 a.m. about an intruder outside her home in the 4200 block of Laurel Oak Road.

Police said she remained on the line with emergency communications until the intruder made entry. Gunfire was heard, followed by silence. Officers soon arrived but found the family dead. The intruder had fled.

Investigators immediately looked into Cottle's family history. They located her petitions for a protective order and learned from Cottle's family of her turbulent relationship with Adams, police said.

Adams, 35, was developed as the potential suspect; detectives were able to put Adams in the area about 4 a.m. through an undisclosed investigative technique, police said.

Amends-Supersedes		VLEPSC:	OPR .01.08
Approved:	I		

NOTE: *This order is for internal use only, and does not enlarge an officer's civil or criminal liability in any way. It should not be construed as the creation of a higher standard of safety or care in an evidentiary sense, with respect to third party claims. Violations of this directive, if proven, can only form the basis of a complaint by this department, and then only in a non-judicial administrative setting.*

I. POLICY

It is the policy of the Colonial Heights Police Department to develop a plan for the use of special purpose vehicles. Only members that have received training will be authorized to operate these vehicles.

II. PURPOSE

The purpose of this order is to establish the policy and procedure for utilizing and operating department special purpose vehicles.

III. DEFINITIONS

- A. Alternative Vehicle: Any non-traditional, motorized vehicle, such as the Kawasaki Mule, that is utilized by members to facilitate the performance of their duties.
- B. Animal Control Vehicle: A specially equipped truck used by the department's Animal Control Officers.
- C. Canine Unit: A marked police car used by the department canine handler(s).

- J. LPR Vehicle: A police vehicle equipped with a system designed to read and check license plates for stolen status or security threats.
- K. LPR System: Equipment consisting of cameras, computers, and computer software used to automatically recognize and interpret the characters on a vehicle's license plates. This data is then compared against a list of license plates bearing some significance to law enforcement.
- L. Hot List: A database populated with items of specific concern to the investigative and/or enforcement interests of law enforcement in the City of Colonial Heights. This may include, but is not limited to, Terrorist Screening Center Watch List, stolen/wanted vehicles and license plates, wanted and missing persons, cautions, and license plates associated with Amber Alerts or various watch lists provided for law enforcement

POSITIVE RESULTS

7. City of Colonial Heights Audit Statement

In accordance with requirements in the Code of Virginia §15.2-2511, if a locality's audit is not completed as required by this statute, the locality must promptly post a statement on its website, if such website exists, with the following information:

- That the required audit is pending,
- The reasons for the delay,
- And the estimated date of completion.

City of Colonial Heights Audit Statement

The City of Colonial Heights audit for the fiscal year ending June 30, 2022 is pending. The major factors for the delay of the audit are the implementation of a new financial system and vacancies in various important positions related to the audit: the Director of Finance (vacant for a significant portion of FY 21-22) and the Deputy Director of Finance. The City of Colonial Heights finance team and auditors are working diligently to complete the audit report. Our estimated date of completion for the audit report is February 28, 2023.
