Comprehensive Plan Analysis – Goals & Objectives

Economic Prosperity Goal:

Provide for the economic well-being of the citizens and businesses of the City by promoting economic and business development that creates employment opportunities for all income levels.

Economic Prosperity Objectives

1. *Increase employment opportunities in the City.*
3. Improve the physical appearance and capacity of City businesses.
6. Diversify the economic base.

Sustainable Development Goal:

Utilize the City's land uses, natural resources, public services and facilities to create a sustainable city where residents and businesses prosper now and in the future.

Sustainable Development Objectives

2. Strengthen and promote the City's commercial areas.

Staff Recommendation

On a temporary basis, Staff finds that the warehousing and distribution use is compatible with the existing general retail sales uses in the Southpark Mall with appropriate safeguards for the following reasons:

- The existing building and current access to the property will not be modified.
- There would only be a minimal traffic impact due to limited deliveries and shipments.
- Once the temporary warehousing and distribution use expires, the property's use would revert back to retail sales or another permitted use in the GB – General Business District.

The City's Office of Economic Development supports the use and considers it a viable means of sustaining Southpark Mall citing that the property had been vacant for years following the closing of Sears.

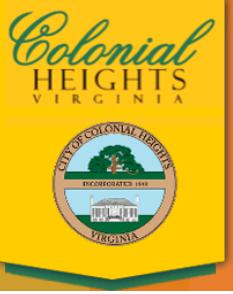

Planning Commission Recommendation

Planning Commission approved Planning Commission Resolution 24-03 which recommends City Council approve the warehousing and distribution use by imposing conditions that address the following issues:

- Use is Temporary - Expiration date of December 31, 2025
- No Physical modifications allowed to the building and parking lot
- Restricted Hours of Operation
- Limitations to the type of storage (no retail merchandise)
- Required Maintenance of Adequate Fire Suppression System
- Limitations on types and hours of truck traffic
- No public access to the building
- Random Inspections of the Property
- Owner and Tenant Share Responsibility to adhere to the conditions of approval and all regulations
