COUNCIL COLUMN

Kenneth B. Frenier, Councilman

There are many things going on in the City of Colonial Heights and I am bringing you up to speed on a few of them.

Lakeview Park Development Project - The shovel-ready project refurbishes and converts the two Lake Avenue tennis courts into eight pickleball courts and includes new fencing, new LED lighting, and new ADA accessible restrooms. The department is seeking 50% federal grant funding (LWCF) for the estimated \$500,000 project.

Colonial Heights Community Gardens Park - Utilizing donated property on Dunlop Farms Blvd., the park will emphasize spreading agricultural education and environmental awareness, and allows residents to grow their own fresh, organic produce while simultaneously giving back to the community, and provides a recreational and therapeutic environment. The park is proposed as a not-for-profit project, managed by local gardening enthusiasts with support from the City's Recreation & Parks Department. It is anticipated that the project will be funded primarily with grant/donation money and minimal City funding and resources.

New Part-Time Employees

The Department of Emergency Management has a new manager at the helm, Kevin Kiddy. Kevin worked for the Federal Bureau of Prisons where he worked as an Emergency Preparedness Officer for 30½ years. Some of his duties in Colonial Heights are: Oversees the Citizen Emergency Response Team, Local Emergency Planning Committee and The Smoke Detector Program just to name a few. Should you need to contact Kevin call 804-524-8773 or kiddyk@colonialheightsva.gov or emergencymanagement@colonialheightsva.gov.

New Businesses That Have Opened or are Coming Soon:

Townplace Suites, Mission BBQ, Aaron Rentals, Panera w/drive thru, Royal Farms, Valvoline, and Dunkin Donut. The Appomattox River Greenway Trail, Phase V project will start this summer.

The Lakeview modernization project will start this summer. Safe Routes to Schools Phase II will start this Fall. This will include sidewalks on Orange Ave, Hillcrest Ave. and Eastman Ave.

In case you are wondering why I am writing this article. I am filling in for Mike Cherry's seat until a Special election can be held in November of this year. Mike was elected as a Delegate in last November's Election. I appreciate your support and look forward to serving you.

A new trash collector will begin serving Colonial Heights this summer.

GET READY FOR WM

THE CITY OF COLONIAL HEIGHTS & CENTRAL VIRGINIA WASTE MANAGEMENT AUTHORITY PUBLIC NOTICE
New Trash Service Begins in July!

The City and CVWMA are pleased to announce WM (Waste Management) as the new residential trash provider beginning in July. One new trash cart per home will be delivered between June 20 and 29. If you have more than one cart now, a maximum of two will be delivered. If you need more than two carts, there will be a fee. Try out this new size before ordering an extra one! This cart is larger than the existing carts and will hold 40% more trash.

The first collection under Waste Management will take place Thursday, July 7, 2022.

What do I do with the old cart(s)?

The final trash collection with maroon and orange carts will be June 29, 2022. Following this collection, leave your old cart(s) at the curb until it is removed. If not removed by July 8, please contact CVWMA at 804-340-0900. Beginning in July, trash will NOT be collected from the maroon and orange carts or any other container, except the CVWMA gray and black cart.

Changes to bulky waste collection

Beginning July 1, ALL requests for bulky waste collection must be scheduled in advance. Requests made by Tuesday at 2 p.m. will be fulfilled the next day. Bulky waste is anything that doesn't fit in the trash cart: furniture, appliances, bagged leaves and yard waste, and extra bags of trash. Schedule bulky waste collection at CVWMA.com/ch-trash-service or by calling 804-340-0900. Free Bulky Waste Collection is limited to what can fit in the bed of a full-size pickup truck. Loads larger than that will be considered Special Bulky Waste and cost \$125 to remove. Trash day will remain on Wednesday. However, the first collection under Waste Management will take place Thursday, July 7, due to the Fourth of July holiday.

There will be no changes to recycling collections.

For more information please visit CVWMA.com or call (804)340-0900 for assistance.

Colonial Heights Fire Department

As we get into the spring and summer seasons, we get into lawn and garden and time to cut the grass. For most of us cutting the grass means storing, using, and dispensing gasoline for our mowers. In 2007-2011, municipal fire departments responded to an estimated average of 51,600 gasoline structure fires in U.S. homes, annually. These fires resulted in 168 civilian deaths, 1,029 civilian injuries and \$644 million in direct property damage. Almost three-quarters of civilian injuries resulted from unintentional causes. Fuel spills or releases; using gasoline to kindle fire, and gasoline too close to a heat source; were the leading factors contributing to ignition in home gasoline structure fires.

You can take some simple steps to prevent these fires.

- *Keep gasoline out of children's sight and reach. Children should never handle gasoline.*
- *Children can be injured by gasoline; it is a mild corrosive, in high quantity can cause cancer, in addition to being a highly flammable liquid.*
- *If fire does start while handling gasoline, do not attempt to extinguish the fire or stop the flow of gasoline. Leave the area immediately, and call the fire department.*
- *When gasoline burns it's the vapors that are burning. Using water or stepping on the fire will only cause it to spread.*
- *Do not use or store gasoline near possible ignition sources (i.e., electrical devices, oil- or gas-fired appliances, or any other device that contains a pilot flame or a spark).*
- *Gasoline only needs small flame or spark to ignite. Gasoline vapors are heavier than air so it will travel along the ground to a pilot light on an appliance or an electrical circuit.*
- *Store gasoline outside the home (i.e., in a locked garage or shed) in a tightly closed metal or plastic container approved by an independent testing laboratory or the local or state fire authorities. Never store gasoline in glass containers or non-reusable plastic containers (i.e., milk jugs).*
- *Make sure that all containers are locked away and not accessible to theft. You do not need to give the arsonist a tool to commit a crime and possible injury or kill an innocent person. Using an unapproved container could lead to an unintentional release and fire.*
- *Store only enough gasoline necessary to power equipment and let machinery cool before refueling it.*

- *Never refill your equipment while running. Again a small spark could easily ignite the vapors.*
- *Clean up spills promptly and discard clean-up materials*

properly.

- *You can isolate the spill and allow it to evaporate. The hotter the temperature outside the faster it will leave the area. Again eliminate any potential ignition sources and call the fire department.*
- *Do not smoke when handling gasoline.*
- *Smoking is only adding an ignition source to a highly flammable environment. Leave the area where gasoline is being stored, dispensed, or used before smoking.*
- *Never use gasoline in place of kerosene.*
- *Appliances are designed to work with certain flammable or combustible liquids. Gasoline is a highly flammable liquid, while kerosene is classified as a combustible liquid. Using gasoline will cause excessive heat and a fire.*
- *Use caution when fueling automobiles. Do not get in and out of the automobile when fueling. Although rare, an electrical charge on your body could spark a fire, especially during the dry winter months.*
- *Always stay with the nozzle and monitor for potential problems. If you must reenter the vehicle, touch the vehicle remote from the nozzle to discharge any possible static charge.*
- *Only fill portable gasoline containers outdoors. Place the container on the ground before filling and never fill containers inside a vehicle or in the bed of a pick-up truck.*

- *Any time flammable liquids are being dispensed then is a potential for a buildup static electrical charge. All containers need to be grounded to prevent this from occurring.*
- *Follow all manufacturer's instructions when using electronic devices (those with batteries or connected to an electrical outlet) near gasoline.*

Colonial Heights Police Department

The Colonial Heights Police Department has partnered with Cambridge Forensics/SmartWater in an effort to combat theft in our community. SmartWater is a colorless, chemical-coded solution that is only visible under a specific UV light. Pre-applying the SmartWater solution to valuables gives law enforcement a better chance of arresting individuals responsible for the theft and returning these valuables to their owners.

When individuals participating in the SmartWater program pre-apply the solution to items such as televisions, laptop/desktop computers and jewelry, the highly technical solution generates a unique chemical signature that allows officers to trace and recover items in the event that they are stolen and return them to the rightful owners. While the solution is undetectable by the naked eye, it emits a bright yellow-green fluorescent glow when placed under an ultraviolet black light. Criminals have no idea whether or not they are stealing an item that has been treated with the SmartWater solution, giving law enforcement a clear advantage.

Traditional markings and identification methods can be relatively expensive or easily combated by criminals. The Colonial Heights Police Department has partnered with Cambridge Forensics/SmartWater and developed a program that was designed specifically for our citizens. The program is cost effective and can be deployed rapidly to the businesses and citizens of Colonial Heights. This program will allow for irrefutable evidence to link stolen property back to the lawful owners.

Cambridge Forensics/SmartWater has several delivery methods that businesses can choose from, one of which dispenses the solution onto suspects who break into businesses. The forensic solution each business obtains is specifically coded to that business, allowing law enforcement to associate individuals to specific crimes and locations. Law enforcement has the ability to utilize other delivery systems provided by Cambridge Forensic/SmartWater that are only available to them.

The Colonial Heights Police Department will utilize an education program during arrest/booking procedures to inform criminals of this technology. This approach is designed to deter future criminal activity. The equipment will be housed and utilized in our processing room so that every offender who is processed through the agency can be scanned with a UV black light to determine if they have been exposed to the SmartWater solution.

The Colonial Heights Police Department, in conjunction with other city offices, will be posting signs in neighborhoods to clearly advertise the use of SmartWater as a deterrent to future property crimes in that area. Deployment will begin soon throughout the city. While supplies last, individual SmartWater kits are available upon request at the Colonial Heights Police Department.

Once the Colonial Heights Police Department has issued out all the SmartWater inventory currently available, businesses and citizens can purchase kits for a promotional price of \$42.50. The retail price for SmartWater kits is normally \$99.00. This project was funded through grant money and supplies are limited. The kits allow for 60 to 80 items to be marked, which is a very significant number. To learn more about SmartWater, please visit the following website: <https://www.smartwater.com>.

APPLICATIONS FOR CDBG HOME REPAIR DUE THIS SUMMER

The application period for Program Year 2022 of the City's CDBG Home Repair Program will open this summer. Applications will be available at the Planning Department located on the 1st floor of City Hall, 201 James Avenue.

In order to qualify, total household income must be below the HUD Income Limits. Applicants are ranked based on a number of factors including disability status, elderly status, children present in home, and location within a prioritized neighborhood. On average, the City is able to serve 5 to 7 households a year. Previous qualified applicants who were not served are encouraged to re-apply.

Eligible activities include but are not limited to addressing leaking roofs, leaking plumbing, unsafe electrical, lack of heating, and accessibility needs.

If you have any questions, please contact the Planning Office at (804) 520-9297. Please share this information with anyone who may be eligible and resides within the City.

**Neighbors
Helping
Neighbors**

Are you interested in helping your neighbors and community during an emergency or disaster? The Community Emergency Response Team (CERT) program educates volunteers about disaster preparedness for the hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. CERT offers a consistent, nationwide approach to volunteer training and organization that professional responders can rely on during disaster situations, allowing them to focus on more complex tasks. For more information on the Colonial Heights CERT please contact the Emergency Management Office.

Colonial Heights Office On Youth

Leadership Summer Camp

Office on Youth is hosting a **FREE** leadership camp for rising 6th graders July 11th thru July 21st.

The Camp will run from 9AM to 1PM and will run Monday to Thursday; youth will meet at City Hall.

Youth should bring lunches. Water and a snack will be provided.

Youth will learn about leadership and be introduced to some of our departments here at City Hall, including a tour of the Fire Department and Police Department.

The Leadership camp will cover topics such as what a Leader is, Setting Goals and Decision making, Problem Solving, and Managing Stress and Conflict.

Please contact us at 804-524-8752 and ask for Christian Velez to Register.

YARD SALE INFORMATION

Colonial Heights City Ordinance 187-19 states that a license for yard or garage sales is re-quired. The license is available at the Commissioner of the Revenue's Office, 201 James Avenue, City Hall during regular business hours (8:30 am to 5:00 pm, Monday through Friday). The cost for the license is \$5.00. Contact the Commissioner of the Revenue's Office at (804) 520-9280 for more information.

No sales are allowed on Sunday. The Yard Sale license includes a Temporary sign permit. The list of licensed yard sales will be posted on the City website not later than Friday at 4:00 pm. In order to be included in the on-line list, the host must obtain a yard sale license no later than 3:00 pm on the Friday prior to the yard sale.
